### **ABOUT LINDON CARTER**

West Coast native Lindon Carter began writing sad country and Americana style music only recently, intending for other artists to sing his songs. However, now living in Edmonton for over five years, Lindon felt it was the right time to embark on his very own solo country project. Known for fronting and touring across Canada with the band Carter & the Capitals, he has taken a deep dive into recording live off the floor, aiming to capture an honest performance in place of perfection. Working alongside Scott Frankchuk, Lindon will be releasing his debut EP in the new year.
